IOWA STATE FAIR AND EXPOSITION

Beautifully located on a tract of 360 acres which are ideally adapted to a fair and exposition grounds, the Iowa State Fair and Exposition has an exhibit area, automobile parking area, camping grounds, aviation field and sites for its buildings surpassing any other fair in the country. Portions of the grounds are covered with natural shade, while the balance is level and well turfed. Broad walks of brick and cement and oiled streets relieve the visitor from the annoyance of dust or mud, and make an inspection of the fair not only easy, but a decided pleasure.

VALUE OF PLANT.

The following is a balance sheet taken off the books November 30, 1921, and sets forth the assets and liabilities of the state of Iowa in so far as the state fair plant is concerned. Your attention is directed to this schedule for the reason that it shows in a condensed form the value of the plant and the cost of the same to the state of Iowa. It will be noted in the items listed under liabilities that the state of Iowa has invested in real estate and improvements of the state fair grounds, since it was permanently located in 1885, a total of \$735,124.47. The present value of the plant is \$1,572,551.61. It will be noted from this statement that for every dollar the state has invested in the state fair grounds it has property valued at \$2.15. In addition to this remarkable showing the state fair, which is acknowledged to be one of the state's greatest and most practical educational institutions for the masses, is conducted annually without expense to the state of Iowa and has in the past twenty-one years paid the exhibitors \$1,157,645.10 in cash premiums. The total premiums paid exhibitors in 1921 amounted to \$120,427.64.

C. E. CAMERON, Alta.

President Iowa State Fair and Exposition.

No return checks issued for outside gates.

Persons leaving the grounds during the day will be admitted free after nine o'clock, p. m., by presenting a ticket for the following day at the pass gate. The ticket will be taken up the following morning when the grounds are policed.

Bureau of Information.

A bureau of information will be maintained by the management in the lobby of the Administration building for the purpose of serving the public in every way possible.

City Bureau of Information.

Under the direction of the Des Moines Chamber of Commerce a bureau of information will be maintained during the entire time of the fair. The main branch will be in the lobby of the courthouse, with branch offices at the three railway stations and at the State Capitol building. The office of the Chamber of Commerce is on the second floor of the Savary Hotel at Fourth and Locust streets. A list of lodging and boarding houses, with prices will be kept by this bureau of information, and visitors are cordially invited to avail themselves of the opportunity thus afforded to locate lodging and boarding houses. You can feel perfectly safe in any place recommended by the Chamber of Commerce. They will also thank you to report to them promptly any exorbitant charges made by any boarding house, hotel or restaurant, barber shop, etc.

J. P. MULLEN, Fonda.

Vice President Iowa State Fair and Exposition, and Superintendent of Implements and Machinery.

Day Nursery.

A day nursery will be maintained in the Women and Children's building. This will make it possible for mothers with small children to attend and thoroughly enjoy the fair by leaving their children in the care of the nursery. Trained nurses will be in attendance each day and for a small fee the children will be well taken care of and entertained, but mothers will be required to furnish food for their own children.

Women and Children's Building.

The Women and Children's building is a beautiful structure located on the hill east of the stock pavilion and agricultural building. The location is ideal, overlooking the main portion of the grounds and exhibit buildings.

The building was designed, as its name would imply, for the women and children in attendance at the fair. The rest rooms are large, well ventilated and furnished with comfortable furnishings. The spacious porches offer a resting place for hundreds of people.

In addition to rest rooms and other conveniences for women and children, the building contains many exhibits and educational features, among which are the baby health department, day nursery, where babies may be left in care of trained nurses, public health exhibits, an excellent art exhibit, exhibit of state traveling library, and a room set aside for daily demonstrations in domestic science; also a large auditorium in which programs are given daily.

Emergency Hospital.

An emergency hospital will be maintained on the grounds east of the agricultural building, in charge of a skilled physician and a trained nurse, accessible day or night. The management provides the hospital building and furnishings, but each patient is expected to pay the physician for services rendered.

Check Room.

Check rooms in charge of reliable and reputable persons will be located west of the stock pavilion, at the entrance of the auto parking grounds and in the basement of the women and children's building. Packages may be checked at a nominal fee.

Post Office.

A sub-station of the Des Moines Post Office will be located on Grand Avenue, northeast of the Agricultural building. The office will receive and distribute mail, sell stamps, postal cards and money orders.

A. R. COREY, DES MOINES.

Secretary Iowa State Fair and Exposition.

Press Bureau.

The department will maintain a press bureau in the administration building with a competent person in charge. Manifold copies of the reports of awards in the live stock departments, daily programs, special orders and announcements, official decisions and all other matters of interest or value to the public will be furnished to the press. Representatives of the press at large, who may be assigned to or visit the fair during its progress, are respectfully invited to make this their headquarters and avail themselves of the facilities offered.

Express.

The express company's office will be located in a booth of the stock pavilion, between the north and east entrances. All express matter intended for delivery at the grounds should be marked and charges prepaid to the State Fair and Exposition Grounds, Des Moines. All express sent to individuals or firms in care of the secretary will be found at the express office and not at the office of the secretary.

Railway Offices.

All the leading trunk lines will have a consolidated office in a booth east of the north entrance to the stock pavilion for the transaction of business and furnishing information relative to freight and passenger rates, departure of trains, etc.

Telegraph Offices.

A branch station of the Western Union and the Postal Telegraph Companies will be maintained in the lobby of the Administration building.

Telephones.

A complete telephone system is maintained at the grounds jointly by the management and the Northwestern Bell Telephone Company. Connections may be had to any part of the grounds, free; a toll fee of ten cents for down town connections is charged. The central office will be located in a building on Grand avenue, west of the old mill.

F. E. SHELDON, MT. Ayr

Treasurer Iowa State Fair and Exposition.

Administration Offices.

All the officers and superintendents of the fair will have offices in the Administration building. This is a very handsome and useful office building, located in the center of the grounds. A cordial invitation is extended to everyone to make the building their headquarters while at the fair.

General.

The management will consider it a kindness if persons will report any mistreatment or extortion practiced by any employee of the fair or concessionaire. They also ask for immediate information regarding the sale of intoxicating liquors. Don't wait until the fair is over to report or file complaint, but do it immediately.

RULES GOVERNING THE HANDLING OF EXHIBITS FOR EXPOSITIONS AND FAIRS.

Western Trunk Line Tariff 145. Agent E. B. Boyd's I. C. C. No. U. S. 2.

Articles (except Automobiles, Aeroplanes, Horses used for racing, or bucking contests, or Trained Horses or other animals used for other than exhibition purposes) for exhibition at expositions or fairs held under public auspices (See Note A) will be transported subject to the following rules:

1st—When exhibited at one exposition or fair, and then returned to point of origin (See Note B,) articles will be carried, so far as relate to lines parties to this tariff, at full tariff rates going and free returning, if returned within 30 days after the close of the exposition or fair at which they are exhibited, and the bill of lading therefor is accompanied by certificate of the Secretary of such exposition that such articles were exhibited and have not changed ownership.

2d—When moving over a circuit of expositions or fairs, the articles will be way-billed at the regular tariff rate to each point of exhibition, and at the

Each cow	50.00
Each calf, 6 months old or under.....	20.00
Each hog	15.00
Each sheep	5.00
Each goat	5.00

NOTE A—These rules will not apply on articles moving to or from expositions held by manufacturers, dealers or associations for commercial or trade purposes.

NOTE B—Return movement must be via the same Railroad as the initial movement.

NOTE C—For the purpose of applying these rules, all shipments of live stock exhibited at expositions or fairs, will be considered “chiefly valuable for breeding, racing, show purposes or other special uses.”

SWITCHING CHARGES.

Exhibits in carload lots may be billed and switched direct to the Fair Grounds. A charge of seven dollars (\$7.00) per car is made by the Chicago, Rock Island & Pacific Railroad Company for switching carload lots from connecting lines to fair grounds. No switching charge assessed on carload shipments arriving or departing over Rock Island lines. All connecting lines transporting freight destined to State Fair Grounds at Des Moines will absorb the seven dollar switch charge of the C., R. I. & P. when the net revenue after deducting the seven dollar switch charge equals twenty dollars and fifty cents (\$20.50).

**RULES GOVERNING EXPRESS CHARGES AND SHIPMENTS TO IOWA
FAIR GROUNDS—CIRCULAR I. C. C. 1584.**

Application of Tariff.

Rule 1—Where an addition of Scale numbers is required by this tariff, add the specified number of Scales to the Scale applicable between point of shipment and destination and determine the charges under the combined Scale numbers, except that where the rate is shown in dollars and cents between named points the charge will be the rate plus the charge in cents equivalent to such Scale number, as follows:

11 Scale numbers, add 77 cents per 100 pounds.

Local and Joint Tariff of Terminal and Switching Charges No. 1.

Rule 2—Unless otherwise provided, the Terminal and Switching Charges given herein for live stock in carloads will apply, regardless of the number of animals in the car.

Rule 4—Switching charges provided for herein must not be assessed on carload shipments of live stock that may be unloaded for rest, feed and water, in compliance with the federal law.

Des Moines, Iowa. Iowa State Fair Grounds. The rate for handling less than carload shipments to or from the Iowa State Fair Grounds at Des Moines, Iowa, is 11 Scale numbers (or 77 cents per hundred pounds on intra-state shipments) more than the rate to or from Des Moines, Iowa. (See Rule 1.) The rate on live hogs or sheep is 77 cents per crate more than the rate to or from Des Moines, Iowa.

The charge for switching carload shipments between Des Moines, Iowa, and the Iowa State Fair Grounds is \$7.00 per car for ordinary movement. Special movement will be assessed the charge actually made by the railroad company, in accordance with its tariffs lawfully published and filed with the Interstate Commerce Commission. This charge approximates \$20 per car.

ANNOUNCEMENT

Iowa, giant of agriculture, is reaching up to a new era of prosperity.

In every section of the state the uncertainty of the last several years is being dispelled. In place of it is coming a new vision of greater farm production, better marketing happier communities—a growing, more prosperous Iowa.

This great vision of a new dawn in Iowa's wealth is reflected in a wonderful manner in the sixty-eighth annual Iowa State Fair. From the remote corners of the state have been gathered together the supreme examples of all Iowa's wealth—the handiwork of her factories, the fruits of her soil, the products of all her hundreds of widely varied industries. Over 240 acres of exhibits, typical of Iowa's finest, have been assembled at the State Fair for the education and inspiration of those who attend. More than 500 carloads of live stock, machinery and equipment of all kinds have been unloaded at the fair grounds for this one mammoth exposition. In actual dollars and cents this King of all State Fairs this year presents an investment of approximately \$4,000,000.

E. J. CURTIN, Decorah.
Member Fourth District,
Superintendent of Speed Department.

The features of this year's exposition are not restricted to Iowa alone. Every great state in the agricultural belt of the central west has contributed its share to the wealth of exhibits arranged here for the visitor. Great breeding farms in distant sections of the country have sent their prize herds to enter into competition with Iowa's finest. It is more truly a national fair, in the scope of its activities.

Like all past expositions, the state fair is designed to furnish interesting entertainment along with the instruction that it gives. An amusement program extending from 9 a. m. until 10:30 p. m. has been provided for every day from Aug. 25 to Sept. 1. This program is probably the most elaborate of its kind ever assembled by any state fair in America.

LOCATION OF EXHIBITS.

The live stock exhibit is grouped along Rock Island Avenue, just inside the Rock Island entrance. All live stock is housed in permanent brick buildings, well lighted and ideally equipped for the convenience and comfort of visitors.

Iowa State College displays and demonstrations are in the exhibition room under the grand stand.

The Junior Poultry Department will be found in the poultry building.

The rabbit exhibits will be in their own building on Grand Avenue at the west end of the grand stand.

The poultry building is at the east end of Grand Avenue at the edge of the woods.

The fish and game exhibit will be housed in tents located between the administration building and the brick horse barn.

The Cow Test Association and Pure Bred Sire exhibit is located in the new brick cattle barn just inside the south entrance.

The dairy exhibit for the American Jersey Cattle Club is located east of the cattle barn.

AUTOMOBILE AND TRUCK SHOW.

The automobile and truck show will occupy over half of the floor space in Machinery Hall. It will embrace practically every model and make of machine sold in the state of Iowa at the present time.

INFORMATION.

Those seeking further information concerning the location of exhibits or regarding rules of the fair, may obtain same at the administration building where a special information booth is located. Offices of the president, secretary and department superintendents are also located in the administration building, immediately across the street from the Amphitheatre. The Des Moines Chamber of Commerce maintains a Des Moines information booth at the east entrance of Machinery Hall. The downtown information booth is located at the Court House where questions concerning points of interest in Des Moines, trips through the city, train schedules, etc., will be answered.

The Des Moines Automobile club will maintain a tourist and road information bureau at the east end of the Machinery hall throughout the fair. Up to date information about the condition of roads in all parts of Iowa and about the best roads to take for reaching different points will be given here free of charge.

BOY SCOUT CAMP.

A special camp for Boy Scouts from all parts of Iowa is located in the west end of the main camp grounds. The Madrid Boy Scout band will play concerts in the camp and in various parts of the fair grounds during the day and evening. Visitors at the fair are invited to take a trip through this camp and see how the scouts live and the things that they are taught to do.

FARM IMPLEMENTS AND MACHINERY.

The farm implement and machinery show this year is probably the largest ever held in the history of the State Fair. Over 70 acres of ground and floor space have been set aside for this big exhibition. Every type of farm equipment, farm home convenience and business equipment are on display in the machinery section. Every new development in planting, harvesting, farm lighting, power, etc., are to be seen here.

LIVE STOCK SHOWS.

More than ever before the state fair this year represents the world's greatest live stock and agricultural fair. All live stock departments are filled this season better than ever before. The biggest breeding farms in the country are represented. Practically every section of the state of Iowa has entries in one or the other of the live stock branches. One has not seen the Iowa State Fair if one fails to visit these mammoth live stock shows. All stock is housed in permanent fireproof buildings easily accessible to visitors.

AGRICULTURAL DEPARTMENT.

The finest grains, fruits, and garden produce raised in the state of Iowa are to be seen in a visit to the Agricultural Building. With the cooperation of county agents and individual farmers the state fair will have the greatest array of Iowa's products that has ever been seen anywhere. Among the most interesting of the features are the county exhibits and the individual farm displays. The Horticultural show is a special department within itself and is worthy of careful study.

In this same building is to be found a splendid showing of Iowa Dairy products.

The honey and bee department is also located in the agricultural building.

THE WOMEN'S FAIR.

Iowa women have a complete State Fair of their own in connection with this great exposition. In the Women's Building, one of the finest structures on the fair grounds, will be found exhibits and programs covering practically every feature of feminine interest in the State. Programs have been arranged in this department for every day of the fair, beginning at 9:00 a. m. and continuing through until 5:00 p. m. Baby Health, fashions, cooking, home decorations, dramatics, education, health, welfare work, and like subjects of vital interest to every woman in the state are covered in these interesting programs.

For the convenience of mothers bringing their children with them, a special nursery has been provided where babies may be left under the care of trained nurses while the mothers visit other parts of the grounds.

Every comfort and convenience for women attending the fair has been provided in the Women's Building. No visitor should leave the fair grounds without making at least a brief trip through this building.

PLANTS AND FLOWERS.

The exhibit of plants and flowers this year has been located in the Agricultural Building, in place of Floral Hall. Floral Hall is not used for exhibition purposes this year, but has been devoted to boys' and girls' work. Special attention is given to the Gladioli exhibit in connection with the floral department in the Agricultural Building.

ART EXHIBITS

Lovers of beautiful paintings and other types of art are invited to visit the wonderful display in the basement of the Women's Building. Several notable exhibits of paintings have been obtained for this display. There is no extra admission charge for this, and the general public is invited to visit it at any time during the day. Work of Iowa artists is also shown in the department of Graphic and Plastic Arts in the Women's Building. Prizes in this department are limited to Iowa artists in order that this profession in the State of Iowa may be encouraged.

COW TEST AND PURE BRED SIRE EXHIBIT.

This is one of the most interesting displays of all the live stock features arranged in connection with the Iowa State Fair. It is to be found in the cattle barn just inside the South entrance. The exhibit shows the result of using pure bred sires in developing better herds, both in the beef and dairy breeds. The offspring of pure bred sires are compared in living exhibits with the offspring of grade sires.

BOYS AND GIRLS CLUB DEPARTMENT.

Premiums in the Boys and Girls Club aggregate \$8,942, the largest amount ever offered in this branch by the Iowa State Fair. For those who are interested in the future of the farm industry in Iowa the work of these junior boy and girl farmers should attract unusual attention. The headquarters for this club work are in the large building southeast of the Exposition Building. Here are located the displays of canning, textiles and other club work. The live stock demonstrations will take place in the sale ring, just inside the west entrance of the cattle barn.

Boys' and girls' live stock exhibits will be housed as follows:

Baby beeves in cattle barns; pigs in temporary pens in court of swine pavilion, sheep in the sheep barn and poultry in the Poultry Building.

All of these exhibits are open to the general public, and those attending the fair are invited to visit them at any hour of the day.

The large dormitory south of the Women's Building will house the boys competing in the junior department. The girls will be housed in the dormitory just east of the Women's Building.

A boarding hall for the boys and girls has been arranged in the old floral hall where meals will be furnished at cost. The dormitory quarters are provided free of charge for the boys and girls entered in the junior department.

JUDGING PROGRAMS.

At the head of the various departments shown in this catalogue will be found the detailed judging programs for those branches. All cattle and draft horse classes will be judged in the stock pavilion, horses in the forenoon and cattle in the afternoon. This judging is open to the general public, and ample seating accommodations are provided for the largest crowds. Some of the harness and saddle horses will be judged in the open ring located between the street car entrance and the main horse barn. Swine and sheep will be judged in the rings located in the Swine and Sheep Buildings.

The judging programs begin Saturday, Aug. 26, with the calling of the Boys' and Girls' Club classes in cattle, swine, sheep, etc. Judging the open classes for horses, cattle, swine and sheep will start Monday, Aug. 28.

STATE FAIR CAMP.

Added conveniences have been provided this year for those wishing to camp out at the state fair grounds. As usual, the 80 acre wooded tract will be thrown open free of charge for all who wish to make use of it. This ground is fenced off from the main part of the fair ground, and campers' tickets are taken up when one enters the fair ground proper. To those wishing to return to the camp grounds during the day or evening return checks will be given by the ticket takers.

A special exit opening on to Dean Avenue has been provided for those who wish to leave the camp ground to go to Des Moines without passing

through the fair grounds. Entrances between the fair grounds and the camp are located as follows:

Grand Avenue entrance to camp, street south of poultry building running into camp, street leading to exhibitors camp ground east of the cattle and swine barns.

A special Farm Bureau camp arranged according to counties has been located at the east of the exposition building. A county agents camp adjoins the farm bureau camp on the south.

Tents, food stuffs, camp equipment, etc., may be obtained at reasonable prices at the fair grounds.

STATE COLLEGE EXHIBIT.

A more complete exhibit than has ever before been held at the State Fair, has been arranged by Iowa State College this year. This exhibit as in past years is located underneath the grand stand. The agricultural engineering, home economics, military, chemistry, dramatics and veterinary departments are all represented here.

STATE BOARD OF CONTROL EXHIBIT.

The various state institutions to be represented at the State Fair this year are, The boys and girls' Training Schools, School for the Blind, Tuberculous Sanitarium, State Reformatories, etc. The exhibits embrace fancy work, woodwork, school studies, agricultural and garden products and canning displays. The Boys' Training School band will provide music in front of the booth every day. This exhibit is located underneath the grand stand.

Why Motors Need New Pistons

When the car was new she had pep and power galore—if she now “labors” on the hills she once took on “high;” if your gas and oil bills are mounting skyward, plugs foul and pistons slap noisily—all these are the sign of worn pistons.

If your car shows these symptoms, see your repair man at once. Have him install new pistons, regrind the cylinders if necessary and install new rings and generally overhaul your motor. You will have a new car without the “trade-in” loss. Kant-Skore Pistons give the car new life—more power, more pep; reduce oil and gasoline consumption, and give a silent flexibility of power that is amazing. Come in and see our exhibit. Balance the piston in your hand—note its light weight. Let us explain to you the advantages of a close-fitting, light weight piston.

DEALERS, REGRINDERS, REPAIRMEN

Prompt service on pistons for all popular models of Cars, Trucks, Tractors and Motorcycles in all standard and oversizes and special oversizes up to .065. Stop at our store for prices and liberal proposition.

NATIONAL HORSESHOE PITCHING TOURNAMENT AND IOWA STATE HORSESHOE PITCHING TOURNAMENT.

The national horseshoe pitching tournament will be held on the special horseshoe courts located between the administration building and the brick horse barn. The national tournament opens on Tuesday, Aug. 29, and continues through until the closing of the fair. The men's tournament and the women's tournament will be held at the same location. Famous horseshoe pitching stars from practically every state in the union have entered for these events, and promise some of the most interesting entertainment of the entire fair period. There is no extra admission charged for this tournament. Bleachers have been provided for those who wish to see it. The Iowa horseshoe tournament will open Monday, Aug. 28, on the same pitching courts. This is open to any individual in the State of Iowa, and promises some interesting competition for the decision of the state championship.

IOWA'S MOST BEAUTIFUL GIRL.

The most beautiful girl in Iowa is to be selected, crowned as Queen of the State Fair and awarded \$1,000 in gold on Thursday, Aug. 31. The ceremonies will be staged in front of the grand stand, at which time medals

and other prizes will be presented to other winners in the state wide search. Twelve girls selected as the twelve most beautiful in the state out of more than 6,200 entered in this state wide contest, will be brought to the fair August 28 as guests of the Iowa State Fair management and the Des Moines Register, who have conducted this search jointly. These girls will visit various parts of the fair grounds and will be entertained at several dinners and receptions during their stay at the fair. The selection of the most beautiful to be crowned queen of the fair, promises to be one of the most interesting features in connection with this years exposition.

MUSICAL FEATURES.

Eight bands, orchestras and drum corps have been engaged to provide continuous music this year every morning, afternoon and evening of the fair. Headlining the program is Thaviu and his famous band of 36 pieces. This organization will give concerts every morning, afternoon and evening in front of the grand stand. Other well known bands and orchestras which will play at the fair are:

Karl L. King's Fort Dodge Military Band.

Argonne Post American Legion Band.

The Page County Farmer Band.

The National Fife and Drum Corps.

The Murray Family Orchestra.

The Boys Training School Band.

The Iowa Boy Scout Band.

T. Fred Henry's Orchestra.

The detailed musical program for each day will be found in latter pages of this catalogue.

GRAND OPERA.

A special attraction in front of the grand stand will be the presentation of the second act from "Aida" each evening of the fair. This famous grand opera presentation will include famous eastern singers in the leading roles; and a selected Iowa chorus of 75 voices. It will be presented in costume with elaborate scenic features and special lighting effects.

RACING PROGRAM.

The most complete racing program that has ever been provided at the State Fair is scheduled this year. It includes five days of horse racing, two days of auto races and a great track meet at which state stars will be selected to represent Iowa in the national meet at Newark, New Jersey. Auto races are scheduled for August 25 and September 1, with 8 classics for each day and 16 world famous drivers entered. Among the entries are Sig Haugdhahl holder of the worlds record for straightaway beach racing, who will drive the original car in which he set this new world's record at Daytona Beach last winter.

In the horse races which have been scheduled for Aug. 26, 28, 29, 30, 31, approximately \$20,000 in purses is to be divided. Every race is well filled insuring keen sport each day. In addition to the regular horse racing program every afternoon there will be a race between a driverless horse and an automobile, a ladies relay race and an old fashion Roman standing race.

The state track meet will be held the afternoon of Saturday, Aug. 26. All of the dashes and distance events together with the regular hurdle races have been scheduled on the program. There will also be a series of relay races to add further interest. Iowa's best known track stars have entered for these competitions.

NIGHT SHOWS.

Two great features headline the evening entertainment program at the fair. One of these is "Mystic China," a Chinese festival of fire. The other is the great series of Society Horse Shows, which has won Iowa a wide reputation throughout the country.

"Mystic China," the fireworks spectacle, is to be presented each evening in front of the grand stand embracing over 200 costumed characters, and including over 20,000 square feet of scenic settings. Tons of fireworks are used in this great spectacle. All of the famous festivals and fetes for which ancient China is famous are introduced in the action. The show lasts for a period of over two hours. There will also be a display of scenic and aerial fireworks without extra charge each evening. In connection with

the grand stand entertainment program, Fisher's Flying Circus will present a series of sensational flying stunts in illuminated planes. All of the most hazardous feats of the air will be embraced in this evening program. Hippodrome, grand opera, and band concerts will also be included in the grand stand entertainment.

As in former years the Society Horse Shows will be held in the live stock pavilion opening Monday evening, August 28. This provides four nights of shows this year instead of the usual five nights. Each show will be accompanied by special orchestral and band music. This provides a wonderful opportunity for lovers of beautiful horses to see them put through their paces. Classes include all of the finest types of show horses. Any one of these shows is worth the price of an entire trip to the fair.

AVIATION.

Fisher's Flying Circus embracing six giant battle planes, and bringing with it a corps of stunt flyers, has been engaged to perform in front of the grand stand every afternoon and evening of the State Fair. The chief feature of the afternoon program staged by this circus, is an aerial combat in which the planes participate, reproducing a battle in the clouds similar to the flights between Allied and German aviators during the recent war. Bombs, grenades, rockets and all other military equipment will be used in this battle scene. It is said to be one of the most interesting features of its kind ever enacted. In addition to this there will be all kinds of stunt flying, wing walking, etc., on each afternoon's program. The evening flights will be accompanied by fireworks displays and will embrace difficult dives, loops and spins performed in illuminated planes. Provision has been made this year to furnish airplane rides for those fair visitors wishing to go up.

CIRCUS AND HIPPODROME.

Twelve of the country's best known circus and vaudeville star acts have been booked for the big hippodrome show to be staged in front of the

grand stand each afternoon and evening. These acts embrace clowns, trapeze performers, gymnasts, wrestlers, and many other features which are certain to amuse and entertain the most exacting audience.

BALLOON ASCENSIONS.

One of America's best known balloonists, Professor Walter Raub, has been engaged to perform each afternoon of the fair. He will make his ascension directly in front of the grand stand, performing many new and novel feats in connection with each day's ascension.

WORTHAM'S WORLD'S BEST MIDWAY SHOWS.

Fresh with laurels gained in the biggest cities in the west Clarence A. Wortham's World's Best Shows are coming to present the midway attractions at the Iowa State Fair and Exposition at Des Moines, August 23 to September 1, inclusive.

The name of Wortham in Iowa is associated with the best and highest class in amusements. Mr. Wortham owns four big shows and is interested in many others. The world's best shows are those that made such a wonderful record on the Pacific coast.

The tent city now consists of three hundred souls. It takes thirty-five cars to transport them. Twenty up-to-date shows and rides are in the retinue of offerings. Every tent city has its special feature, but the Wortham Shows are so abundant in the matter of features that it could be hard to select any one that stands out over all others. There is ample variety and the most exacting can find plenty to amuse and entertain.

Among the attractions with the show are: a three-ring circus and wild animal show; a monkey circus with forty simian actors; a water circus with diving girls and seals; the world's biggest silo auto-drome; Dido Park

the mechanical amusement city; a mouse theatre; a magnetic and mystery show; and several others including eight novelty rides.

Myer Myers big circus side show is with the Wortham Company. In this are many novelties, among them Nabor Feliz, a chieftain of the Pueblo Indians, a clay modeler.

Brief summaries of some of the leading features in connection with the Wortham's World's Best Shows:

"Mamie."

Musical comedy staged under canvas with the lighting effects, scenery and seating accommodations of a regular theatre. This musical comedy is clean and attractive and will present an ideal entertainment for every lover of music and theatre who attends the fair.

"Dido" Park.

This is a miniature city built as a copy of the famous Coney Island. It is entirely mechanical, with toy clowns and actors and people. It has its own merry-go-round and all other features of the big Atlantic coast resort. In the miniature park you see the fishermen at the side of the mill stream; the speed maniac, who drives his automobile at top speed, side shows, ticket sellers, windmills, aeroplanes that circle over the city, and many other interesting sights.

Radio Show.

A complete radio sending and receiving outfit and a series of radio features are included with Wortham's Shows. The radio station will be picking up messages from all parts of the country during the entire period of the fair.

Monkey Circus.

A circus given entirely by monkeys caught the attention of Clarence Wortham a number of years ago. After years of work and study, he has finally developed a complete circus put on by monkeys. There are wire walkers, ball rollers, balancers, jugglers and all other interesting actors among these clever animals.

Myer Myers Show.

This is the biggest institution of its kind on the road. It provides a complete circus and wild animal show. One of its interesting features is Nabor Feliz, a Pueblo Indian, who models in clay the likeness of all who will consent to pose for him. Another interesting attraction in connection with this institution is the wonderful riding of Miss Hazel Logan, horse trainer and equestrienne. She brings with her a complete stable of fancy riding horses and promises unusual interest to those attending the fair.

Broadway Whirl.

A rapidly spinning table, slightly elevated from side to center, which provides no end of thrillers and amusement for old and young. A novel riding device.

Auto Drome.

This is the biggest and steepest auto drome in the world. It has been called silo drome by experts because it is built with straight walls. It is on these straight walls that the speed maniacs with the Wortham Shows ride and perform their daily stunts. They make as high as 70 miles an hour while driving around this vertical track. There are many noted riders who will appear daily in this big track feature and those interested in autos and speed should not miss seeing the auto drome when they attend the fair.

The Des Moines Gas Company

Is typical of all that is best in your Iowa utilities.

Public utilities in Iowa are your utilities. They render you service that is the best that can be furnished by men and money and brains.

Thousands of hard working men and women—millions of dollars are employed to render you this service.

Iowa people are finding Iowa utilities a safe and profitable investment.

The Des Moines Gas Company is spending over a million dollars to keep its great plant abreast of the needs of your rapidly growing capital city.

You are proud of Iowa's corn and other farm products—be proud of Iowa's utility service also.

IOWA STATE COLLEGE EXHIBIT.

In Exhibit Room Under Grandstand.

The Iowa State College exhibit will be found in the same location as last year under the grandstand. The exhibit will be a comprehensive one, embracing displays from the five divisions of the college: Agriculture, Engineering, Industrial Science, Home Economics, and Veterinary Medicine. Not only will some of the educational work of the college be illustrated but also some of the more recent results of the experiment station research.

The exhibit from the Agricultural Division will be furnished by the Department of Agricultural Economics, Agricultural Journalism, Animal Husbandry, Dairy Husbandry, Farm Crops and Soils, Landscape Architecture and Poultry Husbandry.

The Department of Agricultural Journalism will furnish an exhibit of the college and experiment station publications and a display of the state and national publications edited by alumni.

The Department of Agricultural Economics will emphasize marketing and the cost of production. There will be two carefully prepared maps, one showing the outside live stock markets to which the Iowa live stock shipping associations ship their stock and the other showing local packing points and reload stations in the state of Iowa to which Iowa live stock was shipped. The exhibit on cost accounting will show first; the general financial results of last year's business, and second, the remarkable range of efficiency in the utilization of labor, power, etc., among the farmers whose business has been investigated.

Most of the exhibit of the Animal Husbandry section of the Experiment Station will be devoted to swine, although cattle feeding will be given some attention. The exhibit will be primarily feeding data and work with minerals and mineral mixtures.

The Dairy Husbandry Exhibit will report results obtained in herd improvement by use of the pure-bred bull. This work has continued over many years and is of particular interest to dairy farmers.

The development of superior varieties of small grains will be featured by the Farm Crops and Soils Department. This exhibit will include the use and results secured with these superior varieties on the farms of Iowa and the certification of these grains as a source of pure seed. The results of the use of limestone, the crops adapted to different locations and the variety of soy beans will also be featured.

The proper design of the farmstead will be emphasized by the Landscape Architecture Department. The best means of obtaining convenience, comfort and beauty will be illustrated. Additional exhibits pertaining to the design and development of rural problems such as consolidated school

grounds, community and state parks, and other rural landscape improvements.

Poultry houses and equipment will be displayed by the department of Poultry Husbandry, and interesting features in the experiment station work in the culling, breeding and rationing will be exhibited.

Automobile headlight illumination, including the elimination of glare and methods of testing, will be the principal feature of the exhibit of the Department of Physics. Gyroscopic action, rotating magnetic fields and wave motion experiments will be of interest.

The Military Department will have a display of apparatus and instruments used in the regular army, including among other things a three-inch field artillery piece, range finder, wireless equipment, etc.

Among the exhibits furnished by the Department of Chemistry, showing the place of chemistry in life and industry, will be several illustrating various diseases caused by malnutrition with special reference to vitamine deficiencies.

Each department of the Division of Engineering will stage an exhibit showing the particular line of work of their department.

The Electrical Engineering Department co-operating with the State Department of Agriculture and manufacturers will demonstrate the receiving of radio telephone messages. Daily programs from 8 A. M. to 6 P. M. will be given. Amateur receiving sets will be exhibited and awarded premiums.

The short course work of the Engineering Extension Department will be illustrated.

The Departments of Agricultural Engineering and Trades and Industries will jointly exhibit and demonstrate automotive lighting and ignition applied to tractors.

**QUEAL
QUALITY
LUMBER**

A good judge knows the subject.

We like to deal with a good judge of lumber because he appreciates the kind we sell.

But whether or not you know anything about lumber, we see to it that what you get from us is good lumber.

Isn't that the main thing?

A *Dependable House*

It is not alone the quality of our merchandise, the courtesy of our salespeople, the service we render our patrons—

It is the dominating spirit of fairness and justice to all that has made the E. & W. Clothing House a favorite place to trade.

It is well to remember that the E. & W. Clothing House sells more than quality wearables. You will find here some of the choicest clothing and furnishing specialties produced in America, and at very reasonable prices—our quality buying for six big stores makes this possible.

Make the E. & W. your headquarters during the Iowa State Fair.

A Hearty Welcome Awaits You

Successful Farming's

Booth and Home Building

are freely open for your comfort and entertainment.

We very cordially invite all State Fair visitors to call at our Booth in Machinery Hall, and avail themselves of such conveniences as have been provided. You'll meet a courteous reception—our folks in charge will be glad to oblige you in any way they can.

The Home of Successful Farming is located at 17th and Locust Streets. We believe it is well worth your while to come out and let us show you through. It will be a pleasure to us. A modern, fully equipped publishing plant such as ours holds hours of interest for keen-seeing people.

We believe we are publishing a good farm paper. But our purpose is to make of Successful Farming more than a publication. We are building here an institution for the promotion of Agriculture, and for the service of people engaged in or interested in agriculture and the problems of farm life in this Great Food Producing Heart of the Nation. Your personal interest expressed by your visit will be appreciated.

Christian Endeavor Meeting.

There will be a meeting of the Christian Endeavorers in the Auditorium of the Women and Children's Building at 7:30 P. M. Campers and state fair visitors are cordially invited to attend.

MONDAY, AUGUST 28.**Farm Bureau and Implement Dealers' Day.**

This day has been designated as "Farm Bureau Day." Farm members, their families, county agents and others interested in the Farm Bureau movement and the great problems confronting those directly interested in agriculture, are invited to attend the fair on this day. An excellent program has been arranged by the officers of the State Farm Bureau, which will be given in the large Assembly Tent at the east end of Grand Avenue, near the Poultry Building. The morning session will convene at 9:30 o'clock, the afternoon at 1:00 o'clock.

In recognition of one of the large and important departments of the fair, the management has also designated this day as "Implement Dealers' Day." The attention of the public in attendance at the fair, is especially called to the magnificent display of farm implements, automobiles, trucks, tractors, home conveniences and other labor-saving devices. The implement dealers throughout the state of Iowa are cordially invited to attend the fair on this date and meet the manufacturer and distributor at their exhibits. They are also requested to call at the booth of the Iowa Implement Dealers' Association in the east end of Machinery Hall and become acquainted with the officers.

Farmers and Stockmen Attention!

If Stock Are Not Healthy, What Are They Worth To You? Reliable users of our "Cutler's Blood Pure Powders" claim that it is worth while to feed our powders to their stock occasionally to keep them healthy, and in case they have Fistula, Farcy, Poll-evil, Distemper, Lump Jaw, Moonblindness, etc.; that much of the worry and loss is overcome from a careful treatment with the preparation that requires nothing external as it is a blood purifier and when that is pure the animal is in a fit condition. Put up in small and large packages, \$1.10 and \$5 size only at drug stores or direct from manufacturer. Write for other information.

A Pure Pennsylvania Oil

Hermoline

A BETTER LUBRICANT

A motor once drained, cleaned and refilled with HERMOLINE will give a smoother, easier and more quiet performance.

Because it holds its body, HERMOLINE is also a longer lasting oil. Users' tests show that for the same amount of motor action, less HERMOLINE is required.

This superior quality can be traced only to the inherent properties of the oil. HERMOLINE is made from Pure Pennsylvania Crude, the basis for a quality product.

With proper lubrication a correctly manufactured and adjusted machine will last indefinitely.
